## Governor-General Visits Blairmore

Inspects Cadets and Visits Military Hospital at Frank

His Excellency the Duke of Devonshire, governor-general, and vice-regal party, arrived by their special train from west at 5 p. m. on Saturday last and were welcomed at the depot by a large concourse of Pass citizens and a guard of honor of local cadets.

Detaining the following address was read by Mayor Ewan.

To His Excellency, Victor Christian William, Duke of Devonshire, Marquis of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Cavendish of Hardwick, Baron Cavendish of Keighly, K.C., P.C., O.C.M.G., V.C., etc., Governor-General of Canada.

May it please Your Excellency:

Representing the citizens of Blairmore, we have much pleasure in doing, in extending to you, our heartiest welcome, upon your first visit to the Crows' Nest Pass.

We greet and welcome you, principally, of course, because you are the Viceroy in Canada of His Majesty the King, to whom we are glad to give grateful and loyal allegiance; but we are not unmindful of the services which your Excellency has, since assuming your present high office, rendered to Canada. Nor, we beg to assure you, are we unmindful of the services rendered to the Empire, by Your Excellency, and so many others of the House of Cavendish.

Your Excellency is now in the centre of the most resourceful coal field of Canada, and within a radius of five miles from where you are now standing, upwards of six thousand square miles of the finest bituminous coal are produced daily. We also have in this neighbourhood extensive lumbering and cement industries, and our natural resources for the maintenance and development of these, and other industries, may well be considered immeasurable.

Our people are, as Your Excellency can well imagine, of varied origin, approximately seventy-five per cent, coming from European stock other than British. These compare favorably with others as peaceful and law-abiding people, and we are pleased to be able to assure Your Excellency that their children are having the advantages of the education which this Province affords, and in almost every instance are growing up with a complete command of the English language. We believe, therefore, that the process of assimilation is but a matter of time, and that another generation will see the descendants of those who are now here absorbed in a compact Canadian citizenship.

Upwards of six hundred men voluntarily enlisted in Blairmore and neighbourhood for service in the late war, many of whom unfortunately did not return, and

many of whom distinguished themselves in battle. A large proportion of these were of the European origin already referred to, and, as Your Excellency has no doubt already noted, they shared in the brotherhood of heroism, equally with their Canadian comrades. Apart from this, the war work at home carried on by the ladies for the Red Cross, the men for the Canadian Patriotic Fund, and for all the numerous other activities, incident to the assistance and support of our soldiers and their dependants throughout the war, was, and always will be a source of pride in this community.

We would ask Your Excellency to convey to His Majesty the assurance of our loyal attachment to His Throne and Person, and to accept for yourself, Her Excellency the Duchess, and your family, our most respectful and heartiest greetings and good wishes.

We deeply sympathize with Your Excellency in your recent bereavement and illness, but we trust nevertheless that yourself and those who accompany you may enjoy your short visit to Blairmore.

JAS. G. EWAN, Mayor.  
J. E. GILLIS, Councillor.  
L. DUTTIL, Councillor.  
A. MCLEOD, Councillor.  
W. A. BEEBE, Councillor.  
J. MONTALLBETT, Councillor.  
F. A. McDONALD, Councillor.  
F. WRIGHT, Secretary.

Treasurer

Blairmore, Oct. 9th, 1920.

On receiving the formal address, His Excellency made very fitting reply.

After receiving representative citizens and their wives, and the staff and pupils of the public school, His Excellency reviewed the cadets who were in charge of Lieut. Wilfred Dutil. He complimented the boys on their splendid appearance and accomplishments.

The party were taken by autos to the Sanatorium, where they met and chatted with every patient, then entrained at Frank for their journey eastward.

### Bassoff To Hang December the 22nd.

Tom Bassoff has been declared by a jury at Macleod to be guilty of murder, and was on Wednesday sentenced by Judge McCarthy to pay the penalty on the gallows at Lethbridge at dawn on the morning of December the 22nd.

With the hanging of Bassoff the fifth life resulting from the hold-up of a C. P. R. train at a point seven miles west of Blairmore, on the afternoon of August 2nd, will have been taken.

Akroff, one of the handits and partner of Bassoff was killed while resisting arrest at Bellevue on August 2nd.

just the 7th, the occasion of the shooting to death of Constable Bailey and Corporal Usher. Nick Kyalik, who refused to obey the command of a constable, was shot dead near Passburg during the hunt for Bassoff. The third handit of the trio, Aroloff, is still at large and there is very little prospect of his being captured.

## OLD FOLKS NEED MILD BOWEL TONIC

And Should Avoid the Use of  
Harsh Pills and Drastic  
Purgatives.

Old people, no matter how sound and healthy, should avoid cathartic pills, purgative water, salts and all such temporary relief measures. They ease conditions today, but bind you up worse than ever tomorrow.

It is better to get the bowels into the habit of performing their useful function at a certain time each day and this can be done by strengthening the muscles of the stomach and bowels by the tonic action of Dr. Hamilton's Pills, a mild laxative that acts as close to nature's way as possible.

Thousands of people, old and young, prevent constipation by using Dr. Hamilton's Pills, a mild yet active medicine that is noted for its promptness in curing headaches, belching gas, sourness in the stomach, fullness after meals, liver soreness and many other ailments. You'll have the best of health, feel good, eat well, digest and sleep well if you regulate the system by Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box at all dealers.

## Love of The Wild

— BY —  
ARCHIE P. McKISHNIE

Printed by Special Arrangements with Thos. Allen,  
Toronto, Ont.

(Continued)

He stretched a claw-like finger toward the portrait.

"You know white girl good. You no touch Bushwhacker."

Hallibut stood frowning upon the old Indian.

"Listen," he said, sitting down beside the old man, "you must understand that the portrait you see on the wall is not of a Bushwhacker, girl or of anyone else you know. That's the likeness of a sister I had and lost years and years ago. It was painted in England, a land across the Great Waters, Noah."

"No, no," cried the Indian. "Noah have good eyes. He can see and understand. Big man need not lie—white girl Noah's good friend."

Hallibut arose and wiped his streaming brow. Then he sank into a chair and ran his fingers through his gray hair.

"I'm hanged if I know what he's driving at," he mused. "Apparently he thinks I want to wipe the Bushwhackers off the map. Aloud he said: 'Who sent you here, my good man?'"

Noah did not answer. He was looking into the coils.

"Bushwhacker know big man would steal bush," he said at length. "They no want big man there. Noah no want see big man steal good friend's home. Big man no come; no send other man. Gloss big man friend."

Once more Colonel Hallibut looked puzzled.

"I'm hanged if I understand what he means," he muttered. "Big man no send vessel," went on the Indian. "Bushwhacker no want 'un. Scare duck plenty bad. Noah come tell big man no send."

"Ah," exclaimed Hallibut, "I'm beginning to see light. They sent you over to tell me I mustn't send my schooner up the coast, eh?"

"No one send; Noah come himself. Noah know Bushwhacker shoot when big man come take his brother. Big man no come—no get agent again."

The Colonel arose and paced up and down the room.

"Well, of all things!" he exclaimed. "What do you think of all this, Phoebe? You're turning the picture; what do you think of those impudent Bushwhackers?"

The aged Indian had risen and was wrapping his blanket about him.

"Noah," said Hallibut, "the Bushwhackers haven't any particular use for me, I understand. It's pretty near war between us. But I'm going to send my vessel up that creek just the same. I'm willing to promise you that I won't do the Bushwhackers any harm until they try to do me harm."

They threaten to burn my schooner, and maybe they will—well, I'll tell you what I am going to do. I'm going to send that schooner, around the Point and into the bay soon. I want you to meet her at the narrow and act as watchman aboard her. If you don't want the Bushwhackers to come to any harm, you must see that my vessel is not burned. I believe you are honest, and I will pay you well. What do you say, Noah?"

Noah pointed once more to the portrait.

"You do much for her?" he asked simply.

The big man started. Then he smiled and said gently:

"Old man, God only knows how much I would do—if I could."

"Remember, I haven't seen you for ages, and I must go. Come along."

SW took his hand and they passed out together. They walked along, Goss taking the lead, and neither speaking a word. They understood each other well, and something unbreakable bound them together while they should last.

When they reached the canoe, hidden in thick rushes on the edge of the bay, Noah turned to his friend and said, "I'm hanged if I don't think you're a good fellow."

"I was a custom of his to speak all his once, though he knows he's lost it. One may lose summer forever, but he can treasure a dead flower, because its perfume clings to it and never quite dies."

"I like the old man because he thinks he knows you," he murmured, "just because he thinks he knows you, Phoebe."

His head dropped and he strode toward the door.

"I don't know why I should not teach those Bushwhackers a lesson!" he ejaculated.

He turned and let his frowning eyes rest on the painting, and as he gazed he seemed to be pleading with him.

"Maybe there really is a girl who looks like Phoebe," he said gently, "a little girl of the Wild that looks like you."

And the face smiled on him as he passed out through the doorway.

## CHAPTER XIII. On the Creek Path.

It was early twilight when the old Indian, once again, reached Bushwhacker's Place. All day he had kept to the trail, jogging along without a moment's rest, simply tightening his belt when hunger gnawed at his stomach.

It was a long journey from Round Bay Point to St. Thomas, and his years did not weigh him down. His sinews were tough like the seasoned hickory fiber, and his spirit was young like the spirit of the great shadowed woodland.

Age counted for naught where life derived its strength from its environment.

To the old man Gloss was a star that had loomed itself from some strange distance and shined in the green uplands. He had watched her grow from a slender girl into a graceful creature with beauty that nothing of the woodland could match.

One with eyes that held all the lights that ever shone on lake or wood, and life that bubbled and laughed and died.

For her and her protectors Noah had undertaken the trying mission of visiting the rich man Hallibut, and advising him to leave the men of the bushwoods alone.

He had taken the portrait on the lonely man's walls for that of Gloss, but this was not strange. The old man's eyes were growing dim and they sometimes played pranks on him. But the incident was sufficient to bind his loyalty to the man who threatened the Bushwhackers.

Noah was willing to act as watchman aboard the schooner. He had lost all the impetuosity of youth. He was old and wise, and he would watch and wait and act, if necessary, when the time came.

Gloss, coming up from the spring with a pail foaming milk, newly strained and ready for "setting," caught sight of her old friend and gave a call like the "Hill of a north-lark."

The Indian, without speaking, overtook her and reached for the pail, which he carried to the house and set on the block outside the cellar door.

Big McIntosh was chopping logs for the evening fire, and caught sight of Noah as he came around the corner of the house.

"Well, well, Chief," he cried, "thought maybe you was on the war path. Ain't seen you here for days. Come along in and get some supper."

"Good," granted the old man, and followed McIntosh into the kitchen. Gloss laid the cloth for the visitor's supper. Her eyes brightened and her red lips smiled when the old man turned his wrinkled face toward her.

"Noah," she said, "you must stay away from Gloss so long again. It's heap-lonely without you here."

Noah's eyes flashed at the words, and he spoke, using only the noblest words of the English tongue, as was his custom.

"Wild-bird, no lonely where wild world be. Gloss speak to make Injun heart glad; now Injun speak to make wild-bird sing. Big water pointing southward, 'big forest,' sweeping his arm about, 'all stay same. No change. Good, much good. Noah, he know."

Granny McIntosh, coming from the bedroom, caught the words of the Indian.

"Reet, Noah," she smiled, "there'll be no change till I see you, and may be no wait till I see you."

"Ugh, you tell Boy," said Noah, "tell him Noah say it."

The old lady held up her hands.

"There's no tellin' him at all what ever," she sighed. "He's muckle disturbed and he'll listen to reason. He's out there no rubbin' the wet woods, but he'll not get comfort there; even he, man seek it if the gold Bush. I've told him it's aften eno. God forgive him for the wild creature he is—and he's a gold lad at heart; rano, a gold lad at heart."

"Tush, Granny," chided Big McIntosh.

W. N. U. 1337.

## Fixing Up the Hen House

Now is the Time to Clean and Make Repairs.

The time has come to make needed repairs on the hen house. There are cold winds and rains in November, sudden drops in temperature in December. Any work now that will save illness later should be done. Stop the leaks in the roof, battens the cracks in the ends and back of the hen house. Curtains may need replacing, glass set, doors hung to fit.

Early autumn cleaning is always in order. The pullets should not be put into permanent quarters till they are swept, whitewashed, and the old litter replaced. Never have maturing pullets needed better housing than right now. They should be got in from the roosting coop before they begin to lay.

A month of housing and yarding is none too long if you want fall and winter layers. Get them into the clean house with a yard this is carrying some fall green crops; get them on an egg ration, and see them quickly mature and get at their winter's business.

(To be continued)

## August Fish Catch.

The catch of fish of all kinds for the month of August on both the Atlantic and Pacific coasts, amounted to 1,065,884 cwt., as compared with 145,290 cwt. for the same month last year. The total value of the August catch was \$3,647,137 against \$4,506,143 last year. On the Pacific coast there was an increase of 125,583 cwt. in the salmon catch, all three districts contributing to the increase. The value of the salmon catch, however, was very little better than last year. The halibut catch amounted to 28,689 cwt., against 31,116 cwt. for August last year.

Berlin is the third largest city in Europe.

The day has been divided into 24 hours from earliest times.

## The League of Nations

Good Results Attend the Jamboree Held by the Boy Scouts.

For judged nerves the spectacle of so much youth and enthusiasm ought to be a tonic at least equal to any that the seaside can produce, and no one can watch the "chumming up" of the youngsters for the future of the League. There are plans on foot for making this meeting an annual affair, or at least for strengthening the opportunities of inter-communication; and it is a scheme in the success of which all nations ought to be vitally interested. Our generation is passing; our powers for good or ill in world history are fading; it is the Boy Scouts of to-day who are the men of to-morrow.—The Westminster Gazette, July 30th.

## For Married Men Only

When your razor is dull as a hoe, your wife if she wasn't pining for you. Get her Putnam's Cory Extractor; it's the only painless and safe cure. All dealers sell "Putnam's" at 25c per bottle.

## An Exhibition Ship.

The Italians determined to catch export trade, are fitting out a ship which will exhibit in foreign ports, specimens of their manufactures and their natural products. This ship will ultimately sail around the world, and buyers will be invited to step aboard. The Italian King is lending the organization his own yacht, the Trinitaria, for the purpose, and her first voyage is to be along the Mediterranean, calling at Marseilles and Tangiers.

## Four More Trading Posts.

The establishment of four trading posts on the Hudson Bay has been successfully accomplished by a company other than the one holding the name of that territory.

## Skin Sufferers Read—

"I had a severe attack of Eczema," says Mr. Michael Tagley of Madison, Sask. "My body was simply covered with eruptions. I had tried every salve and skin soap that I could find before I hit upon Zam-Buk."

Zam-Buk proved the very treatment I needed. I used Zam-Buk Medicinal Soap for bathing and afterwards applied the Zam-Buk balm in liberal quantity. Soothing and comforting, this treatment soon brought amazing improvement. Present skin with Zam-Buk treated is my skin being completely cured."

Use Zam-Buk for Cuts, Wounds or Pore-healing power is astonishing. See all dealers.

## It's Zam-Buk You Need

### Small Tractors in Demand

Two Thousand New Tractors Purchased by Saskatchewan Farmers This Year.

The farmers of Saskatchewan have invested approximately \$6,000,000 in new tractors this year, according to an estimate made by implement dealers. It is stated that roughly two thousand new tractors have been turned over to purchasers during the 1920 season at an average cost of \$3,000 apiece.

The general tendency of the day is favorable to the small type of tractors. One large implement dealer said that he was satisfied that at least five small tractors were sold for every large one, and the proportion was twenty small gasoline tractors for every steam engine.

### "Pape's Diapysin" for Stomach

"Pape's Diapysin" is the quickest, surest relief for Indigestion, Gas, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only 50 cents at drug store. Absolutely harmless and pleasant. Millions helped annually. Largest selling stomach corrector in world.

### Found He Was Wrong.

"Did you ever meet a man who would admit that he understands women?" "Yes, once, but he was married shortly afterwards and then he came around looking for me to tell me that he was mistaken."

A Cure for Fever and Ague—Disturbance of the stomach and liver always precede attacks of fever and ague, showing derangement of the digestive organs and deterioration in the quality of the blood. In this ailment Parlane's Vegetable Pills have been found most effective, abating the fever and subduing the ague in a few days. There are many who are subject to these distressing disturbances and a more effective and better preparation procurable as a means of relief.

### Explanation Demanded.

Young Husband (to wife)—"Didn't I tell you not to bring your mother with you?"

Young wife—"I know. That's what she wants to see you about. She read the telegram."

## "I Wonder Would It Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Headaches, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

50 cents a box, 6 for \$2.75, all dealers, or Blainville, S. A. Co., Ltd., Toronto.

Dr. Chase's Nerve Food

## Why Not Build This Year?

Of Interest to the Man Who is Renting a House.

One of the big reasons for the enormous increase in building throughout Western Canada this year is because actual figures tell a tragic story to the man who is renting a house of woe.

We'll take, as a basis, \$400 rent every month. Suppose Mr. Renter pays this for 5 years, not including even bank interest on his money. Mr. Renter has paid over to someone the cold sum of \$24,000 for which he has nothing. True he has lived in the house or suite, but in the end has nothing. On the other hand suppose he builds a house—one \$400 a month put in paying for that house would reduce the mortgage to a great extent—and then Mr. Renter has something in addition he has lived in the house, he has enjoyed it, more because of that feeling of ownership, pride, independence, confidence.

Take another angle. Some people are prone to believe that a big slump in lumber is now due. Irrespective of the enormous increased cost of producing the lumber, freight, wages, etc., and against the opinions of men who know, just suppose that lumber drops 25 per cent in price in a year's time. If you are paying \$400 a month rent you will have paid \$4,800 to someone—they build at 25 per cent reduction. Lumber is not the greatest cost in a house. In a \$5,000 house the actual cost of the lumber would be \$1,000.00. Your savings would be \$250.00. Take the \$250.00 and put against the \$480.00 rent and you will have made an actual loss of \$230.00, this would more than take care of the interest and the other \$250.00 you can apply against the mortgage. In the meantime you have lost one year in the building preparing and planning. You put it off—and if lumber is higher next year as it will most likely be, you will not make any saving but might become discouraged and then put off building will further.

Decide now—rent is an endless road and you must travel over it until you can say as hundreds are now saying, "I'll Build Now" and "Build a Real Home."

## CASCARETS

"They Work while you Sleep"

Do you feel all "bungled"—bills, constipated, headache, full of cold? Cascarets tonight for your liver and bowels will have you tuned up by tomorrow. You will wake up with your head clear, stomach right, breath sweet, and skin rosy. No griping, no inconvenience. Children love Cascarets too. 10, 25, 50 cents.

Something Missing.

A city youngster was paying his first visit to his aunt's farm. Among the animals on the place was a rather small cow. As the boy stood gazing at the little creature his uncle said: "Well, what do you think of him, Johnny?"

"Why—why, he's all right," said Johnny, "but where's his rocker?"

Cleveland News.

"Ear, Ear!"

Mr. Harrison was in a bad temper, and when an acquaintance met him one morning with the question: "Og is your 'ealth today, Mr. Harrison?" he waxed wrathful.

"My name is not 'Arrison," snapped Mr. H.

"Well," said the other, "if a haich, a hay, two hats, a li, a chee, an' a ho" an' a hen—don't spell 'Arrison, then what on earth do they spell?"

Close Toronto Schools Because of Cold.

Toronto—Six schools were ordered closed as a result of the cold spell, and 6,000 scholars and 100 teachers were given a holiday as a result. New heating apparatus is being installed and will not be in operation for some time.

Six King's Estates.

Estates owned by King Victor Emmanuel of Italy, at Santa Maria di Capua Vetere, near Naples, have been seized by members of local agricultural societies according to a dispatch to the Exchange Telegraph Company from Rome. No opposition was offered to the persons seizing the property it is said.

Minard's Liniment Relieves Neuralgia

## Manitoba's Grain Acreage

Crop Expected to Yield a Record Financial Return to Farmers.

Manitoba's total crop area for 1920 slightly exceeds 6,000,000 acres, falling short of last year's figures by 300,000 acres, according to official estimates given out by the provincial department of agriculture. Despite decreases, however, the crop is expected to yield a record financial return to farmers. The total estimated wheat acreage is 2,105,622 acres, as against 2,880,301 acres in 1919. Oats acreage increase 26,687 with a total acreage of 1,873,954. Barley and rye show a decrease, while flax shows a notable increase, there being 89,000 acres more than last year.

## FREQUENT HEADACHES A DANGER SIGNAL

The Victim Nearly Always Suffers From Weak Watery Blood.

There are few ailments that cause more genuine misery than nervous or sick headaches. Only those who have endured the suffering, sometimes for days at a stretch, can realize the agony of the victims. Noises increase the pain; food is unthought of, for it only adds to the distress. When at all in the morning, it is little to be done until it passes away. These headaches are nearly always a danger signal that "too frequently" many are the symptoms of many maladies, such as anaemia, constipation, indigestion, etc., and when these are cured the headaches permanently disappear. Headaches are more often a sign of weak, watery blood than anything else, and the most successful treatment, therefore, is a remedy that will rebuild the blood and make it rich and red. This can be done through a fair course of Dr. Williams' Pink Pills, which has a special action on the blood, and through the blood on the nerves. In this way Dr. Williams' Pink Pills have been found invaluable in a wide range of diseases due to poor, watery blood such as anaemia, rheumatism, indigestion, after effects of influenza, neuralgia, etc. The effectiveness of this tonic treatment is illustrated in the following case: Mrs. Geo. A. R. No. 6, Simcoe, Ont., says: "Some years ago my daughter, then a young girl of eleven, became very much run down and nervous. She was troubled greatly with sick headaches, frequently with vomiting spells, and although we lived just across the road from the school, she was unable to attend. Taking medicine all this time, but it did not seem to do any good. I had often read of Dr. Williams' Pink Pills, and finally decided to give them to her. By the time she had taken two boxes she seemed much better, and before the fifth box she was well again. In the meantime her health has always since enjoyed the best of health. I am satisfied it was the effect of Dr. Williams' Pink Pills that restored her, and I have since seen equally good results in other cases."

"You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

Englishmen Buy 65,000 Acres.

The Canadian Pacific Railway has reported the sale of 65,000 acres of land in the Columbia Valley, British Columbia, to an English syndicate, which has also other lands under option.

Coras are caused by the pressure of tight boots, but no one need be troubled with them long when so simple a remedy as Holloway's Corn Cure is available.

Canals Busy.

The total number of vessels passing through all Canadian canals during August was 4,892. The net tonnage carried was 1,928,266, an increase of 45,200 tons over August last year.

Wheat in Northern Canada

Slight Risk to Crops Owing to Long Days.

Stories of the great wealth in storage in the far north, 1,000 miles and more north of Edmonton, have been brought back by H. A. Conway, inspector of Indian agencies, returning from an extensive trip. The Department of Indian Affairs is growing wheat capable of producing 40 bushels to the acre at the junction of the Liard and Mackenzie Rivers and experiments have proved that the long days of sunshine prevent risks to growing crops.

"COLD IN THE HEAD"

is an acute attack of Nasal Catarrh. Persons who are subject to "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and remove the cause of the trouble. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. All Druggists 75c. Testimonials free. \$10.00 for any cure of catarrh that HALL'S CATARRH MEDICINE does not cure.

F. J. Cheney & Co., Toledo, Ohio.

Dangerous Beasts.

The teacher had been telling her class all about the rhinoceros family. "Now name some things," she said, "that are very dangerous to get near to, and that have horns."

"Automobiles!" promptly answered Johnny. —Harper Magazine.

An Oil of Merit.—Dr. Thomas' Electric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the curative qualities of certain oils as applied to the human body. It is a rare combination and it won and kept its place in the family medicine cabinet. It will carry conviction to any who doubt its power to repair and heal.

## New Alberta Normal School

Construction Commences on the New Institute of Technology and Art.

The first step in the construction of the new institute of technology and art and Normal School for the province of Alberta has just been turned when a start was made upon the workshop building which will be built in the rear of the site for the main school.

The contract for this workshop is being awarded separately from the main building, and it is hoped to rush the work for this building. The contract for the main building will be awarded shortly. The workshop building is to cost about \$176,000 and it is estimated that the entire scheme, which has been somewhat reduced from the original plans, will cost in the original plans, will cost in the original plans, will cost in the original plans.

Minard's Liniment for Burns, Etc.

To Show Fur Bearers.

As a result of the Fur Trade Conference called by the Dominion Government Commission of Conservation in February last, an exhibition of live silver foxes and other fur-bearers will be held in Montreal the latter part of October or early in November.

Minard's Liniment Co., Limited.

Dear Sir,—I can recommend MINARD'S LINIMENT for Rheumatism and Sprains, as I have used it for both with excellent results.

Yours truly,

T. B. LAYERS, St. John.

Guaranteed Bicycle Repairs ranging from \$16.00 to \$25.00. Write for particulars.

R. G. McLEOD, 177 King St. W. Toronto.

## An Automatic Grain Stooker

Alberta Man Invents Stooker That Gives Promise of Success.

A full size model of an automatic grain stooker invented and patented in Canada and the United States by John Elder, of Raymond, Alberta, is now being built. The stooker is attached to the binder and the inventor believes that it will revolutionize the harvester world. Simplicity is written into the machine, and it is said that the usual number of horses will be able to pull the binder with the stooker attached, so easily does it operate. Those who have seen the machine freely admit that it looks like a success. At Ottawa, Mr. Elder was told that his invention was the simplest patent of all the hundreds of patented grain stookers on record.

Cranbrook Herald—Mrs. Mc Laren, wife of J. P. McLaren, Dominion Express agent here, suffered a strange mishap a few days ago, which unfortunately has developed somewhat serious consequences. Her fingers came in contact with a strong acid solution, inflicting serious burns, so that it was necessary for her to receive hospital treatment.

No, sir, you can't buy booze in Blairmore for less than 50 cents a drink, and with the possible approach of "prohibition" in a more real form, chances are that the price will rise in accordance with all other necessities of life.

A Pasburg boy was playing with a gun a few days ago when the weapon went off, a bullet lodging in the lad's stomach. He is reported doing well at Bellevue hospital under Dr. Brennan's care.

As a result of prohibition in the province of Ontario, three of the seven provincial jails have been closed and the prison population reduced from 1970 to about 1,000, according to Brigadier W. H. Fraser, of the Salvation Army, in an interview at Toronto. The three institutions closed were the old Central prison, the jail at Guelph and the jail at Whitby.

A man read the following from a Newfoundland paper the other day: "The Canadian Pacific Railway, of Canada (undoubtedly the best managed railway in the world) and the Reid-Newfoundland Railway are said to be the only two railways in America that were not taken over by their respective governments during the war, which speaks volumes for the Reid-Newfoundland railway." He then remarked: "Well, no wonder, when troops could make better time crossing Newfoundland on foot!"

### Methodists Drink At Claresholm

One of our exchanges says: "Well done, Claresholm. It was very inspiring to gaze upon the 200 faces in the Methodist church on Tuesday night. The people drank in every word uttered by the staff captain. We Salvationists pray that God will bless the ministers and people of Claresholm."

### Some Spark Readily

In a high school in a near by town the leading physician of the place was asked to talk to the class in physiology on the chemical elements found in the body. "Also," he was remarking, "it has been found that the human body contains sulphur."

"Sulphur," exclaimed one of the girl students, "How much sulphur is there in a girl's body?"

"Oh, the amount varies," said the doctor smiling, "according to the girl."

"Ah," said the girl, "that is why some of us make better matches than others."—Columbus Dispatch.

### Death of Mrs. Dowser

Death claimed another of Blairmore's oldest residents and pioneers on Sunday morning last in the person of Mrs. Dowser.

The deceased lady had reached the age of three score and ten and had been a resident here for upwards of fourteen years. Her husband predeceased her by many years, but a son and daughter, Michael Dowser and Mrs. A. McLeod, survive.

Interment took place at the Catholic cemetery on Monday afternoon.

Funeral Mass was held at St. Anne's church on Monday morning.

### "Nothing But The Truth"

A Farcial Comedy in Three Acts

"Nothing But The Truth" will be another offering by Blairmore talent to be staged on Thursday, October the 28th, at Blairmore, and Friday October the 29th, at Coleman. The cast will consist of only boys and girls of the Blairmore high school and the play will be produced under the personal direction of Sarah Gibney and William Springer.

### Sam Saunders Gets Eighteen Months

At the Macleod criminal assize this week, Sam Saunders, a colored man, pleaded guilty to the charge of having broken into and stolen goods from the F. M. Thompson Co. store at Blairmore, and was sentenced to eighteen months of hard labor. Sam was rounded up and arrested at Drumheller on a warrant sworn out by Chief Carter of Blairmore.

Most of the stolen goods were found in his possession at the time he was arrested.

Saunders has previously served several terms of imprisonment.

In Iowa nothing is too good for the hog. Baby Hawkeye Giant, an eight-months-old junior champion porker, weighing 350 pounds and valued at \$10,000, arrived at a prominent hotel in an expensive automobile, walked into the hotel lobby on a carpet spread especially for his visit, was registered, posed for a picture and then snorted his way haughtily into the elevator and rose to a tenth floor corner front room, where he spent the night.

### Death of Miss M. Gregory

The death occurred at the residence of Mr. and Mrs. Joseph Holloway, Frank, on Friday night last, of Miss Mary Gregory, an aged spinster.

Miss Gregory had been a resident of the Pass for about seventeen years, residing at Frank's at the time of the great slide. Of late years she has resided at Blairmore, with exception of last year spent with her brother at Rossland, B.C.

A brother met death by drowning in the river near Frank a few years ago, and one other brother survives her at Rossland.

Interment took place on Sunday at the Blairmore Catholic cemetery, Rev. Father Cullen officiating.

Funeral Mass was held on Tuesday morning.

### "She Couldn't Marry Three"

Opera House Practically Sold Out For Next Tuesday Night

"She Couldn't Marry Three" the five act comedy which Miss Sarah Gibney and William Springer are producing for Blairmore audiences, for the benefit of the New Catholic church, will be presented at the opera house on next Tuesday night, and at the rate the reserved seats have been selling one of the largest audiences of the year will be present.

The cast will include Miss Sarah Gibney, Mrs. H. Gibney, Miss Grace Turner, Miss Marion Ennis, Miss Beatrice Reid, William Springer, James Amato, Harold Pinkney, Harry Sharin, John Rae, Wilfred Dutil and Fred Thorpe.

Miss Gibney and Mr. Springer have localized the play, taking the characters from Blairmore and vicinity, and the plot of the play and its story will take place in your own town, thereby making it a play "for Blairmore, about Blairmore and played by Blairmore talent." Those attending the play are assured of a great many laughs.

Vaudville will be rendered between acts by P. Mulligan, H. Sharin, William Springer and others.

There will be a big dance after the show and special music will be furnished by the new Blairmore orchestra, which includes Mrs. Pond, Messrs Barasa, Miller and Cartwright.

The prices of admission will be: the entire main floor reserved at \$1.00, balcony 75 cents and kiddies 50 cents. As heretofore announced, there will be no supper served at the dance. There are a few reserved seats still on sale at Capt. Beebe's.

Have you reserved your seats for the big show next Tuesday night? If not, you'd better hurry—they're going fast. See Capt. Beebe.

### NOTICE

NOTICE is hereby given that the Blairmore School District No. 628 has claims for arrears of taxes against certain lands advertised by the Town of Blairmore to be sold on November the 9th under the Tax Recovery Act, and that purchasers will be held liable for such arrears.

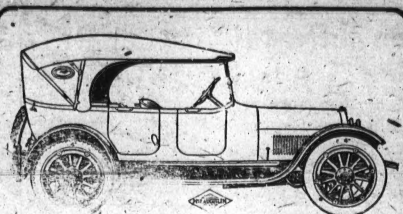

Dated at Blairmore, Alberta, the 30th day of September 1920.

The operators of the Drumheller field have served an injunction against O. B. U. officials, on the grounds that the O. B. U. miners failed to apply for a board of arbitration for their dispute with the coal operators, as provided in the Lemieux Act, which states that such a board must be applied for in any industrial dispute before a strike is called. Also that the coal operators have an agreement with the U. M. W. of A., which has still two years to run and that the O. B. U. organizers are entering the Drumheller field, and inducing miners to break that contract. —Lethbridge Herald.

Miss S. McLellan paid a visit to Calgary last week end.

Griffith R. Hughes, prominent newspaper man, pleaded guilty to the charge of stealing \$38,000 from the David Spencer department store at Victoria, for which he was accountant, and was sentenced to five years in the penitentiary. The sentence is five years on each of the seven counts, but they are to run concurrently.

Grouse hunters have gone on strike in Durham. Both the men and boys employed to drive the birds on the Durham country moors demanded an increase in pay. When this was refused they walked off and left the sportsmen to find the birds the best way they could. It is reported that the birds are not "grouching" over the matter.

## EATON'S NEW CATALOGUE BRINGS FAMILY SATISFACTION

**T. EATON CO. LIMITED**  
WINNIPEG CANADA

**"When you eat let it be the Best"****Our National Thanksgiving**

By proclamation of the Governor-General in Council, Monday, October 18, has been declared the day of national thanksgiving in Canada, and all classes of the Canadian people are asked to observe it as such.

There are many good and substantial reasons why the people of this Dominion should observe Thanksgiving Day this year, not merely as a holiday, but in a deep and reverent spirit of thanksgiving.

A kindly Providence has blessed the labors of our husbandmen with a bountiful harvest, not perhaps, one of those bumper crops which come once in a while, but a bumper crop, one that has been reaped in the West for some years past. Unlike the past two or three years, there are no extensive areas of the Prairie Provinces which have suffered a crop failure this year. While costs of production have remained high, world conditions are such as to guarantee a good price for Western Canada's grain crop.

Coupled with a satisfactory return from our fields, business conditions throughout Canada have continued uniformly good during the year. Our factories have been busy, there has been a marked increase in building operations, work has been plentiful and wages high. In fact the only check to development in Canada this year has been occasioned by inability to secure supplies and materials in sufficient quantities to meet all demands.

Compared with other countries, Canada has been remarkably free from industrial turmoil and strife this year. Labor troubles, culminating in strikes, have been few in number, and those which have taken place have been settled generally in an amicable way, and there has not been those great upheavals which last year caused enormous loss and suffering and at one time seemed to threaten the continuance of responsible constitutional government in this country. Both Labor and Capital have met their responsibilities to each other, and to the country at large, in a manner worthy of praise and deserving of the commendation of all people. Both have benefited and Canada has prospered. Canadians have good reason to be thankful over such a situation.

During 1920, too, Canada has been remarkably free from serious epidemics of disease and no great disasters have occurred, bringing loss, and sorrow and death to whole communities. This is indeed a cause for thankfulness.

The purest which pervaded all ranks of society following the close of the war still affects our people, but it is more and more finding its manifestation in desires, plans and movements designed to bring about better conditions of living, of health, a higher standard of education and a more general provision that all people shall enjoy some of the best things of life. There is in evidence an impatience with conditions which made for evil and suffering in the past and a very widespread determination for a better standard of living for all. Such a feeling is a cause for national thanksgiving because it must inevitably result in finer national ideals and important reforms.

Canada bore itself nobly in the war. It was a time for sacrifice and service and the Canadian people did their full duty, and have reason to be proud of the part their Dominion took in that great crusade for human liberty. Equally, have our people a right to congratulate themselves upon the comparative ease and success with which the Dominion has reverted to a peace basis and has re-absorbed its soldiers and war workers into civilian life without any serious trouble. These things are cause for sincere thanksgiving.

But if a contemplation of conditions at home is not a sufficient cause for thanksgiving, it is only necessary that Canadians should consider for a moment present conditions existing in a large part of Europe and Asia, where a state of war still prevails, where disease and famine stalk through the land, where countless thousands of people are suffering and dying through lack of the bare necessities of life, and where orphan children in their tens of thousands are merely existing without hardly a ray of hope for the future. Viewing conditions in Canada today in the light of conditions in so many European countries, Canadians may well rejoice that their lot has been cast in this Dominion. They may well rejoice and thank God that Canada is their home. And their thanksgiving may well take a practical turn in the form of helping, to the extent that they are able, to alleviate the suffering of others.

**Shoes 400 Years Old****Age Established By Other Articles Found in Excavation.**

Some boots at least 400 years old, with the stitches rotted but the leather in excellent preservation, have been found during excavations in the city of London. They were twelve feet underground in very moist soil and it was this that preserved the leather. So pliable was it that the workmen, until they were stopped, took pieces home to do their own repairs with.

The boots do not differ very much from those of to-day—their age was established chiefly by other articles found alongside them. They have no heels. Except for one child's pair, they are all men's boots.

**Vatican Guards Have Been Armed.**

Fearing invasion of the Vatican properties by Italian mobs, guards at the Vatican are now armed. The precautionary measures have been taken, it is understood, because of reports that Communists planned to occupy the Lateran Palace, which is the property of the Vatican. The Osservatore Romano, official organ of the Vatican, declared that "if the crowd is impregnated with Bolshevism it cannot be expected to refrain from invasion of the Vatican premises."

The tip of the tongue is the most sensitive part of the body.

Women of the Lee Choo Islands, south of Japan, tattoo their heads.

**Nature Responds**  
Nature is on your side every time you eat

**Grape-Nuts**

For this sturdy blend of wheat and malted barley supplies body and brain with just the elements of nutrition that Nature demands for health and vigor.

Grape-Nuts is a Sugar Saver  
"There's a Reason"

**Greater Production****Big Grain Crops From Cultivation of Indian Lands.**

Ottawa.—The greater production movement inaugurated by Rt. Hon. Arthur Meighen through the Indian Department in 1918 whereby some 20,000 acres of Indian lands throughout the prairie provinces were cultivated and turned over to grain growing, has more than justified the hopes of the officials who were behind it. The advances made by the Government for carrying out the scheme will be repaid this year, and it is estimated that there will be a surplus of about \$1,000,000, as a result of the splendid crops harvested on all these lands, which, previous to 1918 produced only prairie hay and grass.

**Coughs, Colds, Bronchitis**

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It is because the healing vapor of Catarrhazone is breathing into the sore, irritated throat and bronchial tubes that it so balsamically soothes the germs and destroys the cause of the trouble. These are the reasons why Catarrhazone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully soothing vapor of Catarrhazone instantly reaches the further recesses of the lungs, produces a healing curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and fails entirely to help the throat or lungs.

**Catarrhazone Just Breathe It**

To permanently cure your winter cough, sneezing and Catarrh, by all means use a tried and proven remedy like Catarrhazone. But beware of the substitute. Large outfit lasts two months, costs \$1.00, small size 50c, trial size 25c, at dealers everywhere.

**Where Farming Pays.**

A 1,500-acre farm purchased in 1918 near Three Hills, Alberta, recently sold at an advance of \$15 per acre, with the proceeds from the sale of the crop netted the owner \$30,000 for one year and a half's work.

The use of Miller's Worm Powders insures healthy children so far as the ailments, attributable to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants so that they are unable to maintain the battle for life and succumb to weakness. This preparation gives promise of health and keeps it.

**Motor Cars in Saskatchewan.**

According to statistics recently compiled there is one automobile for every fourteen people in Saskatchewan, thus placing the Province on a par with the United States in this respect.

**CHILDHOOD INDIGESTION**

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for the little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit to thousands of homes. Concerning them Mrs. Jos. Lunette, Immaculate Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them. Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

**Alberta Wool Marketed.**

Three hundred thousand pounds of wool have so far been shipped from Alberta to the Cooperative Wool Growers' Association in Toronto for disposal, and there are still vast quantities to ship. This is a record, as last year the total output was only 260,000 pounds. For some time, there was no market for wool, but it is now quoted at anywhere from 25c to 60c per pound.

The Association this year has handled about 2,000,000 pounds of wool from all parts of Canada, and the price secured is considered to be a splendid example of co-operation.

Canadian Coal to Sweden. The Canadian Collieries, at Nanaimo, B.C., has shipped a cargo of coal to Sweden, the first shipment of British Columbia coal to the European market.

Minard's Lintment For Sale Everywhere.

W. N. U. 1337.

**Getting A Stand of Alfalfa****Soil Should be Made as Smooth as Possible.**

The methods of sowing alfalfa vary with the location and climate. In the arid West it is a simple matter. The land is usually ploughed in early spring, worked down to a good seed bed, and the seed is sown alone in middle spring time. A crop is often secured the first year, although the plants are not at their best until the third year.

The amount of seed to the acre varies from four to thirty pounds. The smaller amount is generally grown for the production of seed, as it seeds better not to be thick. It has been calculated that there are 14,000 seeds in a bushel of alfalfa seed. Therefore, to sow half a bushel to the acre would put 166 seeds to the square foot. To sow fifteen pounds would put 83 seeds. It is evident that it is more essential to have good seed and good distribution of it than to use a great amount of seed. About twelve to sixteen plants to the square foot are all that will ever stand, and on rich soil, they will not long endure even that much crowding.

Weeds often come up to crowd the young alfalfa. To destroy those weeds the field should be mowed as close to the ground as possible. There may come a yellowish rust which attacks the leaves, but it is very uncommon. To destroy this cut close with a mower. When preparing soil for alfalfa, leave as smooth as possible, so that it all can be securely mowed. M. Wilcox, Camrose, Alta.

Dickens was a reporter on a London paper when he was 22 years old.

**A Funny Horse.**

"You remember you sold me a horse last week?" said the cabman angrily, to the horse dealer. "Yes. What about him?" "He fell dead yesterday." "Well, I never!" said the dealer. "I told you he had some funny ways, but I never knew him to do that before."

**MOTHER!****"California Syrup of Figs" Child's Best Laxative**

Accept "California" Syrup of Figs—look for the name California on the package then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

**All Made in Canada.**

In all future vessels for the Canadian Government merchant marine, Canadian Douglas fir will replace the southern pine from the United States heretofore used in the laying of decks.

After 10 Years of Asthma Dr. J. D. Kellogg's Asthma Remedy proved the only relief for one grateful sufferer, and this is but one cure among many. Little wonder that it has now become the one recognized remedy on the market. It has earned its fame by its never failing effectiveness. It is earning it to-day, as it has done for years. It is the greatest asthma specific within the reach of suffering humanity.

**Minard's Lintment For Dandruff.**

Farm Sold For \$50,000. In 1906 a farm near Milestone, Saskatchewan, was bought for \$12 an acre. It was recently sold for \$50,000, or \$150 an acre.

**AVOID ALUM IN FOOD**

**Baking Powder is one of the most important food ingredients. Alum or other injurious acids are frequently used by some concerns to lower the cost of production.**

**MAGIC BAKING POWDER**

Contains No Alum

**It is a pure phosphate baking powder and is guaranteed to be the best, purest and most healthful baking powder possible to produce.**

**W. Matthew Williams, in "Chemistry of Cooking," says: "Phosphates are the bone-making material of food and have something to do with building up of brain and nervous matter."**

Made in Canada

**Helping Livestock.**

Nearly \$120,000 has been guaranteed this year under the Livestock Encouragement Act of the province, and it is estimated that a total of \$275,000 will be loaned for the year. The money is being used largely by farmers to buy milk cows.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

In Mexico when friends pass each other in the street without stopping, they say "adios" (goodby).

**Dominion Prosperous.**

Hon. J. D. Reid, Canadian Minister of Railways and Canals, on landing in England from Canada, gave to interviewers a rosy picture of Canadian conditions. He said that the railway proposition of the Dominion was good. "We have magnificent copper industries are running almost full time, and we have very few labor troubles," the minister added. "Our revenues are fully up to expectations, we are commencing to pay off our war debt and we are a happy and contented people. What more could we desire?"

**You Have Earned Your Rest**  
**So Loaf this Winter in Victoria, B.C.**  
Where Your Money Has Full Value.  
Make your dreams come true. Spend your winter amid scenic surroundings that surpass those of Japan's Island sea or the Swiss Alps. At Victoria you can motor through charming panoramas. You can rest in a deliciously mild and bracing climate. Here you can forget the rigors of the Prairie winter in the soft sea breezes. Let the salt air and the fragrance of the firs and cedars sink into your system. Refresh yourself with views of snow-capped mountains. Spend the winter at Victoria and look around with that vision before you that you have sometimes had of semi-retirement in a delightful climate where on a few acres of rich land in Victoria's surrounding districts you can assure yourself of a comfortable income.  
For Descriptive Literature Apply to Commissioners  
**Victoria and Island Development Association, Victoria, B.C.**  
Where the Roses Bloom in December and Nature Always Smiles.

**ONLY TABLETS MARKED "BAYER" ARE ASPIRIN**

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is the thumb-print of genuine Aspirin. It points out the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing Co. Monheim-on-the-Rhine, Germany. While it is well known that Aspirin means Bayer, to avoid public confusion, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

## List of Offences Perpetrated by the Rebel Irish Forces

Dublin.—Dublin Castle has given up a list of outstanding offenses from January 1 to the week ending October 2. It was accompanied by the statement that it was "a significant fact that for all the murders and shootings of policemen, the number of perpetrators apprehended could be counted on the fingers of one hand. In this fact," the statement adds, "might be found the motive for reprisals. The authorities cannot get the men reported, they get off through hunger striking, or clemency of the Government. No one can be found to testify against them, either through intimidation or because of political sentiment." The list of offenses follows:

"Court houses destroyed, 63; Royal Irish Constabulary barracks destroyed, 504; Royal Irish Constabulary barracks damaged, 168; raids on mails, 646; raids on coastguard stations and lighthouses, 38; raids for arms reported, 2,075 (many of the raids do not come to the knowledge of the police); police killed, 109; police wounded, 174; soldiers killed, 66; soldiers wounded, 61; civilians killed, 27. These figures do not include the casualties in the Ulster riots in July and September."

Coincident with this announcement the Sinn Fein bulletin publishes the details of attacks on 58 police barracks up to September 30, of which it is stated 12 were captured and two destroyed, while 44 successfully resisted attacks. In the 12 barracks captured, 81 police were made prisoners, disarmed and subsequently released without injury. "Seven men, alleged to have taken part in attacks," the bulletin continues, "were captured, tried by court-martials and sentenced to long terms of penal servitude."

The bulletin adds that in addition, two civilians were murdered as a result of raids in the town of Erin. It asserts that the object of attacks on barracks was to secure arms for Ireland to defend herself.

**Must Release British Prisoners.**  
Montreal.—A London cable to the Montreal Star says: "It was stated officially that the Russian Government has replied to Lord Curzon's ultimatum demanding immediate release of all British prisoners. Curzon's note said there was no agreement on resumption of trade until Russia consented to release the prisoners."

"The tone of the Russian reply was said to have been favorable."

**Saskatchewan Needs Teachers.**  
Regina, Sask.—Officials of the department of education stated that Saskatchewan was short more than 500 school teachers and that this number might be increased to 1,000 before the end of the year.

**Markit's Specific** is for sale by nearly every druggist in Canada but if your local druggist happens not to have it, write direct to W. Markit & Co., Toronto, Ontario.

Booklet free on application.

**Miners Must Get Busy**

Alberta Coal Operators Will Re-open Negotiations When Men Resume Work.

Calgary, Alta.—At a joint meeting of the Western Canada Coal Operators' Association and officials of the U.M.W. of America, the former stated that the question of opening the existing contract could not be entertained until all the miners were back at work.

The request for the re-opening of negotiations "with a view to increasing the scale of the day work workers, was contingent on a large number of the men continuing at work, said the mine operators."

The strike of miners in district 18 has been extended by the walkout of the men at Michael and Fernie where about 100 men are reported to have left work. There is no addition to the strikers' ranks in the Drumheller field.

**Grain Storage Increased.**  
Ottawa.—According to returns received at the Dominion Bureau of Statistics for the week ending October 19, 1920, the quantity of grain in store at the different public elevators throughout Canada has increased by 3,401,258 bushels in all grades of grain as compared with the previous week. Increases are shown in wheat of 2,681,145 bushels, oats 562,012 bushels, barley 108,282 bushels, flax 18,449 bushels, and rye 31,370 bushels.

**Ingersoll**  
Models from \$3.25 to \$14.50

## A HEAVY LOAD IS BEING CARRIED BY THE FARMERS

### AGRICULTURE UNABLE TO COMPETE UNDER CONDITIONS.

Conflicting Evidence Is Given Before Tariff Commission at Edmonton.

Edmonton, Alta.—Protection as enforced by the present tariff is responsible for the prosperity of Edmonton's industries and is necessary to their expansion, while at the same time it is proving a burden to the farmer and driving them off the land, according to conflicting evidence given before the session of the Tariff Commission here.

The manufacturers of this city endorsed the stand taken in all parts of the Dominion by manufacturers who urge the retention of the protective tariff, while the representatives of the farmers urge that it be dropped, to give them a chance to prosper.

Reduction of the tariff to give the farmer opportunities to buy in the open market, was requested by Hon. Duncan Marshall, provincial minister of agriculture, who was the chief witness before the Tariff Commission at the afternoon session.

"Alberta farmers have to compete in the open market for the sale of their goods, all that they ask is that they have the privilege of buying implements in the same manner, which will enable them to prosper," he said. "The increase of exports will bring revenue to the Dominion treasury and the best means of securing this increase will be to remove the tariff on farm implements," he continued. He pointed out that the farmer cannot possibly benefit by the present tariff. He has to compete in the open market for the sale of his crops. As an example, Mr. Marshall pointed out that this year no British buyers were in the market and that consequently the price of wheat has undergone fluctuations which will mean money loss to every farmer.

He asked that the Dominion Government demand from the British Government permission to allow Canadian livestock growers the entry of their cattle.

Mr. Marshall concluded by asking that the tariff be put on a purely revenue basis, and the element of protection discarded.

Harry Bell, from Nanaimo, a veteran farmer, gave detailed figures of his expenditures and estimated revenue from the cultivation of a five hundred acre farm. His balance will be, he stated, \$3,685, without any deductions for his and his grown-up sons' labor. Farmers, he told the commissioners, were entirely unprepared for the drop in wheat prices. He thought that the tariff on farm implements could be fairly cut in half, and so relieve the farmers of some of the burden.

Rice Sheppard, for 15 years an official of the United Farmers of Alberta Association, charged that the Canadian manufacturers took the benefit of the tariff to raise prices of Canadian manufacture.

"Our greatest need is colonization of productive areas, but we must have a corresponding development of urban communities, and these require for their proper growth, a suitable measure of industrial development," said C. G. Robertson before the Tariff Commission here. He represented Edmonton manufacturers who asked for continuance of the tariff without which, they claim, industries would be unable to cope with the U.S. competition. The statement contained a general survey of industrial conditions in the province.

**Will Ask Germans to Explain.**

Paris.—The inter-allied commission in Berlin has requested to investigate the circumstances of the burning at Hamburg of the German steamer Bismarck, which was building at a shipyard in the Port of Hamburg, and was to have been delivered to the allies under the terms of the peace treaty. The French government will also ask Germany for explanations regarding the burning of the Bismarck.

**Steamer Lies in Deep Water.**

Victoria, B.C.—The condition of the Grand Trunk steamer Prince Rupert, which ran aground in Swanton Bay during a fog last week while on her way north from Vancouver with 200 passengers, lies in 60 feet of water at low tide. Divers have gone north, and the work of salvage will commence immediately. The steamer is lying on her beam end.

## DECLARES THAT WHEAT DROP DUE TO OPEN MARKET

### PRESIDENT WOOD DEPLORES ABOLITION OF WHEAT BOARD.

Sir George Foster Says Decline Not Result of Fact That Board Is Not Handling Wheat.

Calgary, Alta.—H. W. Wood, president of the United Farmers of Alberta, stated that he agreed with the remarks of Hon. George Langley, vice-president of the Saskatchewan co-operative wheat marketing company, that the present condition of the wheat market was due to the abolition of the Canadian Wheat Board.

"I would prefer, however, to withhold my criticism of the Government until I see what action is taken to meet the present situation," he remarked.

Mr. Wood stated there was no question but that the wheat would have been handled very much better through the board than on the open market. Wheat, he said, had declined one dollar a bushel in the cash price since the selling was taken out of the hands of the board. The price to the miller was \$3.15 and the export price was no lower.

Ottawa.—Commenting on a news dispatch from Calgary in which H. W. Wood, president of the United Farmers of Alberta, was quoted as saying that Canadian wheat could have been handled very much better through the Canadian Wheat Board than in the open market, and that the price had declined a dollar a bushel since the board had ceased to handle it, Sir George Foster spoke as follows:

"The fact that the price of wheat in Canada has declined one dollar is no proof that it would not have dropped had its sale been under the control of the board. It has declined equally or more in the States. This decline is not due to the fact that a board is not handling the wheat, but is a result of the supply of wheat in Canada at present exceeding demand. It is not sound reasoning to say that it is declined because the wheat board is not handling it."

**Alberta Editors Meet.**

Calgary, Alta.—The daily and weekly editors in session here decided to retain their organization as the Alberta Division of the Canadian Press Association instead of splitting up into weekly and daily sections. A scheme was proposed similar to that tried in Saskatchewan for the convention to meet at Alberta University for a three-day course in journalism with addresses by prominent professors.

**Safety First Week.**

Winnipeg.—The conference of provincial insurance superintendents proposed to inaugurate a "Safety First" week during which fire prevention, life protection, and similar public safeguards would be advocated all over the Dominion. Discussion of a motor fire policy act took place, the meeting having before them a copy of one drafted by the commissioners on uniform legislation. The adoption of this act was suggested for every province. Automobile insurance also occupied the attention of the convention.

## One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. It is any woman's duty that they become irritable and nervous, have hot flashes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Dr. P. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not get my floor without trembling. I had hot flashes and fainting spells. When I was on my feet I felt like a different person. I never without them in the house and recommended them to all who suffer from their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Guaranteed Minimum Price for Wheat Is Now Imperative

### Find Documents Dealing With Sinn Fein Riots

Prisoner Possessed of Minutes of the Irish League of Self Determination.

Montreal.—The Montreal Star publishes the following: "The police believe they hold, in the arrest of Michael Symington, the key to the Sinn Fein disorders reported in the Dublin district after the successor of Lord Mayor Macwhey had been appointed. Symington, held without bail, is charged at present with unlawful possession of four rifles."

The rifles, the police claim to have been placed in secret places while Symington was a clerk in the Department of Public Works. The magistrate's hearing revealed not only this, but that the prisoner also possessed minutes of the Irish League of Self Determination. In a packing case where this was discovered, the police came upon the blue prints of the Irish offices and the government buildings surrounding it. In his living room were four army rifles, together with a mass of damaging documents all wrapped in a flag of the Irish republic. Detectives are now searching for vital documents which they think are missing, probably removed by Sinn Fein agents before the police arrived at the suspect's home.

### Britain Will Sell Railway Material

Ordered By Them For Russian Government Years Ago.

Vancouver, B.C.—Railway material amounting to 30,000 tons ordered by the Russian Government and which has been lying for years in the C.P.R. yards at Coquitlam awaiting shipment from Vancouver, will be sold to the highest bidder by the British Government, on whose credit the supplies were bought. According to J. E. Ferguson, comptroller of the disposals board, British war munitions, who has arrived in Vancouver to survey and check up the material.

### The Liquor Referendum

Important Question to be Settled by Vote on Oct. 25.

A very important question is to be settled in this Province by vote of the people in the referendum on October 25th. Every good citizen will desire that the vote be an intelligent one, and will also hope that it will be decisive, so that the question will not continue to agitate the public mind. The object of this article is to define the issue so that electors, whether "wet" or "dry" will know precisely what they are to vote upon.

It is the contention of the temperance people that the partial prohibition which we have had has been so beneficial that complete prohibition is desirable. They argue further that the province ought not to harbor export liquor warehouses to sell into their provinces what is prohibited within our own borders. The logic of the situation seems to be with them.

In support of their contention that prohibition has been beneficial, they point to the dwindling number of convictions for drunkenness in all the provinces of Canada since its introduction. In the four Western Provinces between 1913 and 1918, according to the sessional papers of the Parliament of Canada, this reduction was 88 per cent. The returns for 1919 are not yet available. Their opponents on the other hand point to the decelerated evasions of the law by otherwise respectable citizens and to back ally bootlegging as fruits of the prohibition measure, and assert that this is more injurious than the open sale of liquor. The answer of the prohibitionist is that the cure of the evil is not in taking away the illegality of the sale, but in removing the facilities for its practice.

In any case the result of the referendum, if carried, will be to place the Province in control of her own liquor conditions, which she may then make as dry or as wet as she pleases, instead of leaving the matter subject to dual control as at present.

Canada's navy is to be commissioned November 1, and leave England for Canada soon after.

W. N. O. 1337.

### Famous Generals Meet

Currie and Pershing Attend Reunion of McGill Graduates.  
New York.—Commander-in-Chief of the expeditionary forces of Canada and the United States had a reunion at the dinner of the New York Graduates' Society of McGill University at the Hotel Commodore, when Gen. Sir Arthur Currie, president of McGill, and former commander-in-chief of the Canadian forces in France, sat side by side with General J. J. Pershing, commander of the United States troops during the war. Both were on the list of speakers. Sir Charles Gordon, vice-president of the Bank of Montreal, and a governor of McGill University, also spoke.

### The cleanliness of the sealed package appeals to the daintiness of a woman.

She knows that it protects the contents from dust, dirt, odors and moisture.

She will be doubly pleased with our new waxed board package—which we have adopted after several years of testing—because it is stronger, more secure and more completely air-tight; altogether the best container for tea that has yet been devised.

## Of Local and General Interest

Monday being Thanksgiving Day and a public holiday, all stores will be closed.

The regular meeting of the local town council was held tonight. Very little business was transacted.

All who attended the "Camouflage" at Coleman on Wednesday night voted it the greatest all-round treat on record.

Messrs. J. G. Saad, of Blairmore, and K. A. Saad, of Bellevue, are this week end staging big reduction sales. See their bills.

Hon. W. L. MacKenzie King and party will arrive at Lethbridge on Tuesday next and address a meeting in the Majestic theatre at 8 p. m.

"She Couldn't Marry Three," a play written especially for Blairmore, to be played in Blairmore by Blairmore talent at the opera house next Tuesday night.

On Tuesday evening, October 5th, Miss Lucy Hinds was delightfully surprised by a number of friends in honor of her seventeenth birthday. The evening was pleasantly occupied with games and social talk. A sumptuous supper was served to the delighted guests, who dispersed shortly afterwards. Those present were Misses Warners, McLeod, Evans, Kemp and McDonald; and Messrs Carter, Jarvis, Smith, Thibodeau, Ennis, Kemp, McLeod and others.

There will be no supper at the dance next Tuesday night. Dance will be 50 cents extra.

October 20th, the day of the plebiscite in British Columbia, has been declared a provincial holiday.

The annual Harvest Thanksgiving service will be held at the Union church on Sunday evening next.

A big dance with the Blairmore orchestra furnishing music will be held after the show at the opera house on Tuesday night.

A grand ball will be given by the Masonic social committee at Lethbridge on Monday night next, invitations for which are being issued.

A blank cheque was sent to the magistrate at Lambeth by a man who was summoned for motor car speeding. The magistrate filled in the cheque for fifteen shillings.

A case which is interesting to stockmen, came before Mr. Robert Henderson, J. P., at Pincher Creek, on Saturday, October 9th. Alik Nawadyk of Todd Creek, Alberta, was charged with having allowed his stock to enter upon the Crows' Nest Forest Reserve without a permit contrary to Section 2, subsection (b) of the Regulations for Dominion Forest Reserves. The accused pleaded guilty and was fined \$20.00 and costs, amounting in all to \$43.75.

A log house for rent near school house, Blairmore, in good condition. Apply to L. H. Putnam.

Mrs. J. F. Lank, of Cowley, is visiting her sister, Mrs. W. Oliver, for a few days.

The first of the winter series of socials to be given by the local Rebekahs takes place tonight.

James Milne, of P. Burns' local retail branch, is spending a holiday in the vicinity of Kalso, B. C.

Fred Smith, an elderly resident of Coleman, died there on Saturday last. Deceased was a member of the I.O.F., and funeral took place on Monday under the auspices of that Order.

FOR SALE—One Heintzman Player Piano, 88 notes, as good as new. Cost \$1000. Will sell for cash \$600. Also music rolls and cabinet. Apply to Mrs. T. Frayer, 406 6th St. West, Calgary.

7 entries—1st and 3rd prizes H. Peters, 2nd G. Cousens.

Class 8, Cauliflower  
19 entries—1st prize D. Roberts, 2nd E. Christie, 3rd S. Marshall (Hillcrest).

Special prize for best Cauliflower to W. Chappell, Bellevue.

## Cowley Happenings

Dr. Cunningham, of Spokane, is in Cowley on business.

Mrs. Harry Hannan is home from Pincher Creek with her infant son.

All the houses in town are now occupied and still more people looking for homes here.

Mrs. R. Littleton has returned home, after an extended stay with her brother at Bellevue.

Gordon Robinson went to Lethbridge on the 13th, to see what was being done about the Allen case.

A cross, twenty-five feet each way, is laid in a field east of town, marking the landing place for the sea planes that will stop here on their trans-continental flight.

Heavy weather is threatening here, with a drop in temperature and misting from the north. Indications point that threshing will be forced to discontinue for a time.

The Women's Institute held a special meeting on Saturday last to make arrangements for giving a social afternoon in the Masonic hall in honor of Mrs. Hargrove on the 15th.

The West Wind Club held a special meeting on Saturday also, for the purpose of appointing a new supervisor, left vacant by Mrs. W. F. Hargrove, who has helped the girls' club very satisfactorily during the past year.

E. W. Christie, of Bellevue, had charge of the Methodist services at Macleod on Sunday morning and evening last.

H. C. McBurney is this week fitting up the new addition to his drug store at Coleman.

A. M. Morrison returned to Coleman last week from a visit to Winnipeg and other eastern points.

A Scotch law of 1288 made a bachelor who declines a leap year proposal subject to a fine.

Sugar refiners in Montreal have reduced the price of sugar 1½ cents a pound.

Class 10, Conical Cabbage.  
13 entries—1st prize James Lindsay, 2nd T. Bradley (Maple Leaf), 3rd H. Peters.

(Continued on other side)

## Major Miller Inspects Cadets

The annual inspection of the Blairmore School Cadet Corps was held today by Major L. W. Miller, D. S. O., organizer and inspector of cadet corps for Alberta. The inspecting officer expressed great satisfaction at the very smart turn out of the boys and the high standard of efficiency reached in their training, and congratulated Mr. Conway and Capt. Fisher on the results of their instruction.

In a short talk given to the boys by Major Miller at the conclusion of the inspection it was learnt that there are now 5900 cadets in Alberta in connection with 76 schools; also an interesting fact was brought to their notice to the effect that out of the 59 Victoria Crosses awarded during the late war to members of the Canadian forces, 24 had been won by ex-cadets. An active programme of training for the winter is being arranged by Mr. Conway, principal of the school, and it is expected to enter several teams in the provincial miniature rifle competitions being held this winter.

Blairmore is not in it, after all, for the daily papers announce that they are confident that the biggest gambling and blindpigging hell in the world is in Chicago.

Mr. Hayr, of the Dispatch Printing Co., Lethbridge, was freshening up on Blairmore atmosphere today.

Lord Mayor McSwiney, of Cork, has fasted over fifty-two days and is kept alive on "Spiritual Aid." Report does not say whether it is of the Irish or Scotch variety.

The gang of farmers, etc. who kidnapped P. M. Christophers, O. B. U. organizer, over the international boundary line near Estevan, Saskatchewan, have been acquitted.

It is believed that Bassoff got so well acquainted with "shots" of the Crows' Nest Pass variety that he thought he'd try something of the gun variety for a change.

A robber entered the C. P. R. station at Coleman one night last week and took therefrom a bottle of oh be joyful. The store of the Coleman Hardware Co. was entered the same night and some small cash was taken.
